Education

Bachelor of Science: **Geodesy and aerospace geotechnologies** - 2018
Belarusian national technical university, Minsk

Summary

Frontend Developer with knowledge of React.js. Love personal improving in IT. Theoretical skills in designing, developing, optimizing web-based applications. Strong interpersonal and communication skills, able to work under pressure and handle multiple tasks. More about my experience, you can ask me personally.

Skills

HTML5 CSS JavaScript Sass ReactJS Redux REST API

GraphQL Apollo Webpack TypeScript

Experience

Front end developer - 01/2021 to Present

Freelance

- Implemented different JS tasks into the projects, maintained and updated old code, worked on creating SPA applications using React, Redux.
- **E-commerce store**
Front-end application with ReactJS.
Components, pages, sorting, searching, pagination, filtering, popup windows, etc.
Interacts with the backend, backend requests.
Design page navigation without reloading.
A global data store for the entire application.
Strongly typed code in TypeScript.
LocalStorage to store site settings.
Lazy Loading (lazy loading) + debounce (optimization for finding pizzas).
Optimized component redraws/renderers, code splitting (separating code into specific JS files), and JS file tracking.

Worked with:

- HTML5
- SCSS
- TypeScript
- React, Hooks
- React classnames
- React-router v6
- Redux toolkit
- REST API, axios
- Tests Jest TDD
